

2nd March 2018

We'd like to hear your views

Over four generations many things at Thatchers' Myrtle Farm have stayed the same, like our family values, our love of Somerset and our passion for quality. Others, like the tools of the trade that we need to run our business, have of course changed with the times.

We have some exciting new plans to upgrade and improve our cidermaking facilities and would like to share these with you.

So we're holding a public exhibition of our plans at Myrtle Farm on

- Wednesday 7th March from 4.30pm until 6.30pm
- Thursday 8th March from 5pm until 7pm

Members of the Thatchers team will be on hand to explain the plans and answer any questions you may have. We hope you will be able to join us.

As the popularity of our Somerset ciders grow, reaching new markets at home and overseas, so the demands on our facilities have altered. As such we know that the buildings of many differing ages and styles we have at Myrtle Farm can be vastly improved. Our wish is to have a home that is visually attractive and enhances the village environment, sustainably built and energy efficient to run. It will also offer a state-of-the-art environment for our growing workforce.

Over recent months we've been working closely with planners at North Somerset Council, and following our recent presentation to the Parish Council we now wish to share our plans with the wider community.

We hope to see you at the exhibition, but if you're unable to attend, you'll be able to view the proposed plans online at www.thatcherscider.co.uk from 9th to 23rd March 2018. We welcome your feedback on info@thatcherscider.co.uk

The exhibition will be held at:

Thatchers Cider, Reception, Myrtle Farm, Sandford, BS25 5RA
